PROFILE SUMMARY

Experienced software engineer with 3 years of professional development in ASP.NET technology. Proficient in ASP.NET Core, C#, MSSQL, and jQuery, with a focus on creating efficient and scalable applications. Possesses a solid understanding of the .NET ecosystem and excels in debugging issues. Skilled in version control with GIT and known for troubleshooting abilities. A strong communicator who collaborates effectively within teams to deliver high-quality software solutions.

WORK EXPERIENCE

S&P Global — Gurugram, India
Software Development Engineer II — Aug 2024 - Present

- **Product Localization/Internationalization**: Integrated localization/internationalization support, built Python automation tools, and streamlined workflows, reducing manual effort by 70–80%.
- **Product UI Refresh**: Modernized the UI with dynamic theming, modularized the codebase, and upgraded libraries to ensure compliance.
- **Telemetry**: Developed telemetry infrastructure, built data pipelines and relational databases on AWS, and created analytical dashboards with QuickSight.

Zenoti India Pvt. Ltd. — Hyderabad, India
Software Engineer — June 2021 - May 2024

- **Product Localization/Internationalization**: Integrated localization/internationalization support, built Python automation tools, and streamlined workflows, reducing manual effort by 70–80%.
- **Product UI Refresh**: Modernized the UI with dynamic theming, modularized the codebase, and upgraded libraries to ensure compliance.
- **Telemetry**: Developed telemetry infrastructure, built data pipelines and relational databases on AWS, and created analytical dashboards with QuickSight.

PROJECTS

Sudoku Solver ↗

- End-to-end Designed and implemented Sudoku Solver Web Project using the Backtracking algorithm.
- Hosted the web project on Github and deployed on hosting platform netlify.

School Operations Management System — *Acedemic Project*

- Designed the School Management Database System ER Diagram.
- Designed the Database using MySQL.

EDUCATION

- **NIT Warangal, Telangana**, B.Tech in Computer Science & Engineering [CGPA 6.73] — 2021
- **JNV Kottayam, Kerala**, 12th [90.2%] — 2017
- **JNV Buxar, Bihar**, 10th [CGPA 10] — 2015

KEY SKILLS

- Proficient in **C++** with Problem Solving & **Data Structures and Algorithms**.
- Professional Development experience with **ASP.NET Core**, **C#**, **jQuery**, **AJAX**, **MSSQL**.
- Hands-on experience in **Object-oriented software design**, **Restful API** & **Relational SQL databases**
- Familiar with development methodologies such as **SOLID** Principles, **Design Patterns** & **MVC architecture**
- Well versed with tools like **Git/Bitbucket**, **SQL Server**, **SSMS**, Postman, Visual Studio, Jira.
- Working experience with large codebases and **AWS** technologies: AWS Glue, Batch, S3, Athena, Step-functions.

ACHIEVEMENTS

- Cracked KVPY - 2016
- One of 500 students selected for scholarship program by Dakshana Foundation among 48000 students - 2015
- One of 80 students in the District to crack JNV Entrance Examination - 2010

INTEREST & HOBBIES

- Programming on **Leetcode**, **GeeksForGeeks CodeChef** platforms.
- Chess
